

In 2021, the Orange County Sheriff's Department established a Behavioral Health Bureau focused on the mental health and well-being of those under our care and custody.

In partnership with the Orange County Health Care Agency and other healthcare resources, the Sheriff's Department is committed to reducing inmate behavioral health crises.

To aid in this endeavor, Mental Health Hotline numbers have been established to support current inmates housed at the Intake Release Center, Theo Lacy Facility, and Central Men's and Women's jails.

ORANGE COUNTY
SHERIFF'S DEPARTMENT

Mental Health Advocacy

The Mental Health Hotlines are available for family members, friends, law enforcement and other first responders, service providers or anyone seeking behavioral health resources and support for an inmate currently in our custody.

Information provided about an inmate will assist with referrals and linkage directly to programs in the behavioral health continuum of care from prevention to crisis identification and response.

The Mental Health Hotlines are available 24/7 to report concerns regarding an inmate's mental health or behavior that may lead to self-harm.

Each facility has a hotline number assigned to it. When calling the hotline be prepared to provide the inmate's name and booking number. To look up the booking number and housing location, visit the Who's In Jail page on the OCSheriff.gov website.
